MADRID, April 16.—The Spanish Government has abandoned the negotiations looking to the purchase of the craiser recently built at Kiel for China, which was not delivered owing to the fact that the purchase money was not forthcoming. Attorney-General Hendricks, an eye-witness of the trainedy, was first to testify. His story of the killing was substantially the same as that given by him on the day it occurred. Particular stress was not on the question as to who fired on the day it occurred, rational stress was put on the question as to who fire the first shot. "I am positive that Mr Sanford fired first," was his answer. During the Attorney-General's testimon Mr. Goebel retained the self-composure

### Telegraphic Brevities.

Telegraphic Brevities.

The miners' officials of the Pittsburg district have issued a call for a delegate convention, to be held on Friday, April 19th, to consider the status of the present strike for the electric rate for mining. It is believed the convention will decide on declaring the strike off.

The Ontario Legislature was proregued yesterday afternoon with the usual ceremonies. The Lieutenant-Governor, in his closing address, referred to the electric railway act, and said it would no doubt encourage the construction of a system of light railways, and thus furnish cheap transportation for the growing demand of agriculture and internal commerce of the country.

At Gloversville, N. Y., yesterday the Tietse block, in process of construction, collapsed, burying in the rulins two painters and two pinnbers. The painters, two brothers named Vecder, were killed. One of the plumbers, named Freeman, was seriously hurt, but the other was but slightly injured. What remains of the building will have to be torn down, and all will be a total loss.

### WHISKY TRUST FRAUDS.

THE BALANCE SHEET SHOWS THAT \$1,139,443 IS UNACCOUNTED FOR.

The Biggest of the Many Separtions Fur. nished by the Greenhat Misrale- ha Deposits in Chicago Banks.

CHICAGO, April 16 .- Of the many sensations furnished by the Whisky Trust self appointed receiver and was ousted by the stockholders, none approaches in magnitude that furnished by the filing with Judge Showalter in the United States Circuit Court this afternoon of the balance sheet of the company as it appeared March 31, 1833. Practically the whole period of the aliegal iniquitous reign of the Greenhut faction is covered by the figures given therein, which are startling even to those who had been told in advance that disclosures of an unusual nature were to be made. The sum of \$1,189,487 is totally unaccounted for to any northing of the other items.

THE IRREQULAR ITEMS. The first irregular item occurs in the purchase of the Shufeldt and Calumet distilleries. The net cost of these distilleries after charging inventory to capital in operating plants, is put down at \$1,584,279. Amount derived from sale of \$4,984 shares of Treasury stock (these are the shares which the company sold itself) is to be deducted, leaving in round numbers \$80.000. A note by the experts in bors \$60,000. A note by the experts in regard to this purchase charges that \$24,-45 are unaccounted for on the books. Another note in the same connection is

as follows:
"To meet cash payments required by contracts for purchase of Calumet distillery, the following two deposits were made in Calcago:
"Deposit of \$100,000 in First National Bank, Chicago, and deposit of \$150,000 in Chicago National Bank. No voucher or check showing to whom paid."

In the opinion of those who are in a

In the opinion of those who are in a position to know, while no open charge can be made on this last information, it shows a method of bookkeeping, if nothing more, that is, to say the least, exceedingly irregular.

### OTRES PURCHASES.

Coming to the purchase of the Star, Crescent, Central and Nebraska distil-leries, the report of the experts sys: leries, the report of the experts sys:

"We find no voucher or other evidence
of the expenditure of six drafts on J. B.

Five matured notes of Sam el Woolner,

the Central and Nebraska distillers, all paid by exchange through the German-American National Bank, amounting to \$185,000 and \$200,000, was paid to Sampel Woolner, for which there is no voucher and to which the experts have affixed the note, "explanation required."

This total deductions from the cost of the purchase of these distillers are put down at \$185,000, which is the second discrepancy shown in the report.

The third discrepancy comes under the crepancy shown in the report.

The third discrepancy comes under the head of 'Items to be accounted for." The sum of these is \$10,10.

These items of this sum appear as payments to Greenhut or Woolner, or payments to others on Greenhut's check.

ments to others on Greenhur's check. This money is put down as loss charged against investment accounts in the report of the experts, and a note states the amount was written off after the books were closed for the fiscal year of 1860, and that no details or information was kiven.

# A SERIOUS INSINUATION.

The following remarkable note closes the balance sheet:

"The company's books are under the charge of the treasurer, who is also one of the directors. They contain figures only, which have been entered by the book-keeper, without any information as to their meaning, except what the treasurer. have inferred from the circumstances. The treasurer understood the books, but The treasurer understood the books, but no one else, except, possibly, the directors, hence it has been and is an impossibility to properly audit the expenditures, which run into millions, from the books in their present condition. Some idea of the total lack of information in the books is given by the notes attached in this report."

Levi Mayer and S. D. Rice, of the reorganization committee, left this aftermoon to attend the annual meeting of the Trust there to-morrow.

### WHAT GENERAL LEE SAYS.

### Not a Candidate for the Collectorship-His

Friends May Pre's Him for it. LYNCHBURG, VA., April 16.—Special.— The speculation as to who will be the collector of internal revenue for the Western district of Virginia still absorbs the attention of the people of this city and section, but nothing definite is ar yet ascertainable. It was rumored this afternoon that Judge J. Thompson Brown, of Nelson, bad received the appointment, but this report has proved totally unreliable.

Senator Daniel and Congressman Otey returned this afternoon from Washington, where it was presumed they had gone in the interest of the appointment for the collectorship. When asked as to what steps had been taken in the matter, Senator Daniel said that nothing at all bad been done. When cuestioned as to Judge Brown's appointment he said that he knew nothing about it. Major Otey was also seen, and on being interrogated said that his trip to Washington had been in connection with the collectorship, but it was only to see how the land lay, and that nothing definite had been done. Senator Daniel and Congressman Otes

land lay, and that nothing definite had been done.

General Fitz, Lee, who happened to be at the depot this afternoon, was interviewed on the subject of his reported candidacy for the collectors office. The General deciared that the first he had ever heard of the matter was through the newspapers. He knew nothing about it, and had not given a thought. His visit to Lynchburg was purely a little business trip of his own, and was not in any way connected with the collectorship.

torship.

Up to to-day it has been generally thought that General Lee would not seek the position, but it is now considered a probable possibility that his friends may push his claims, and the belief is entertained by many that he would be a most formadable candidate.

### CHANDLER ACQUITTED.

### The Eud of a Very Interesting Murder Trial.

BOYDTON, VA., April 16.-Special.-One of the most intensely interesting murder trials that has taken place in this county for many years, was concluded here this morning, resulting in the acquittal of Reuben R. Chandler, who shot and killed Moses Hobgood (colored) at a point in the public road, three miles west of Clarksville, on the 5th of December 18st.

Big Blaze in Clacinuati,
CINCINNATI, April 15.—The National
Saw Works, at Sixth and Paymiller
streets, are burning, and will probably be
a total loss. The Cincinnati, Hamilton and Dayton freight sheds have caught
and are burning flercely. ber last.

The plea set up by the defence was that Chandler had to kill Hobgood to preserve his own life. The case was commenced on Thursday and the argument was not concluded until midnight last night. The prisoner was ably defended by Judge

Henry Wood, T. N. Williams, Esq., and Messrs, Pinch and Faulkner, and the Commonwealth by R. T. Thorpe, Esq., There was no one present when the difficulty occurred, except the parties to the tragedy, and a colored man, and the prisoner's evidence was principally relied on by the defence to set at the facis. Chandler was shot in the fight, and in giving in his evidence before the jury, was very dramatic. Getting down from the witness stand, he stood before the jury and showed how Hobgood advanced upon him with his pistol pointed at him, telling him if he moved his hand he would kill him.

The court is still in session, and there are many important cases to be tried, Very Little Headway Bring Made in the Case of Officer McLangblin.

Fourteen talismen were examined res-terday. The greatest precaution was exercised on both sides in the selection of a jury, and judgins by the progress that was made resterday, it will take at least week to get the jury.

LYNCHBURG, VA., April 16.-Special .-Judge John D. Horsley, of the Lynchdunge John D. # The Central Reorganization.

The Central Recrganization.

NEW YORK, April 14.—The Georgia Central people have so shaped their organization plan that it can be put into operation either with or without the Savannah and Western.

It will be two or three weeks at least before the plan for the recrganization of the Georgia Central rallroad is officially promulgated. Its terms have already been published, but it will be necessary to secure the consent of the courts in the South to the arrangements before asking stock and bondholders to subscribe to it. As the Southern Rallway Company owns a majority of the stock of the Georgia Central, it will have control of the road after the reorganization.

### Senator Ransom is Eligible.

Secator Ransom is Eligible.

WASHINGTON, D. C., April 16,—Careful inquiry here concerning the report that ex-Senator Ransom, Minister to Mexico, is not eligible to full the place to which he was recently appointed, on account of a constitutional provision, finds the story without foundation. Senator Ransom did not qualify until his term of office as senator expired, and his service and pay dates from the time he qualifies. Senator Ransom's service as alinker began when he took the oath of office, and this was not until after his term of office as senator had expired.

Startling Diverce Decision.

SPOKANF FALLS, WASH, April 18.—
Judge Moore, in the Superior Court, yesterday rendered a decision which will have a startling effect upon hundreds of people residing in this State, who are directly affected. ### The Injunction Against the Western and Atlantic Made Permanent. ATLANTA. GA., April 16.—The injunc-

tion case against the Western and Atlantic rathroad, prayed for by the Sea-

lantic railroad, prayed for by the Seabourd Air Line, has been granted.

Judge Lumpkin rendered his decision at 9 o'clock to-day. The Judge took occasion to say that he had devoted as much time and care as possible to the case, and had endavored to reach a just and fair conclusion. The material part of the injunction shall apply to and cover all freights shipped or billed at or from any point on the line of the Western and Atlantic railroad, or at the terminus thereof, for transportation over said road, and the lines of complainants or any of them, and to freight delivered by complainants or any of the Western and Atlantic Railroad Company, for delivery at like points on its lines, but shall not apply to freights originating and shipped at or from points beyond the lines of the Western and Atlantic railroad, and shipped on through bills of lading originating at some other road or roads beyond to be sent forward by complainants on through bills of lading over the Western and Atlantic railroad over the Western and Atlantic railroad.

injunction." BRAVY SLOW TO THE ASSOCIATION.

BALLTIMORIE, MD., April 16.—The long-delayed and anxiously-awaited decision in the injunction proceedings instituted by the Seaboard Air Line against the Western and Atlantic, and the Nashville, Chattanooga and St. Louis railroad, which was handed down in Atlanta, Ga., today, aroused great interest in this city, where a majority of the stock of the Seaboard Company is owned. The prevailing opinion among railroad men is that the decision is a death-blow to the Southern Bailway and Steamship Association. The action was in reality to determine how far the courts would sustain the organization in enforcing a boycott, and by to-day's decision takes away can the organization in enforcing a boy-cott, and by to-day's decision takes away most of the Association's power, besides establishing a legal precedent which may be used against traffic associations throughout the country. It is certain that the boycott of the Seaboard Air Line has been killed.

Mr. T. J. Andersen, general passenger agent of the Scabcard Air Line, was in the city yesterday, when a telegram, announcing Judge Limpkin's decision, was received, and he and Major Boykin, the passenger agent in Richmond, were much elated over the news, believing that it will break up the boycott against the Scaboard Air Line entirely.

The Scaboard is now offering a cutrate of \$8.30 from Richmond to Atlanta and of \$8 from Baltimore and Washington to Atlanta via Norfolk.

### THE SILVER AGITATORS.

# Ex-Congressman Sibley and General War-ner Speak in Denvet.

DENVER, COL., April 16 .- The open air mass meeting held from the steps of the capitol this afternoon in honor of the silver agitators, General Warner, of New York, and ex-Congressman Sibley, of Pennsylvania, was one of the largest that Denver has ever seen. Long before the hour which had been set for the opening the people began to gather, and at 2 o clock there were many thousand listeners. Excursion trains brought in hundreds from the mining camps. On the steps of the capitol and about the great arcade were gathered many distinguished Colorado citizens. The air was delightfully mild and the sun shine brilliant. ### TERMS OF THE PEACE TREAT! Accuracy of These Reported Doubted in Official Circles.

### DETAILS OF THE PROTOCOL WITHHELD

The Signing of the Agreement Of Confirmed, But No Particulary a Given-Gossip in Official Circles.

WASHINGTON, D. C., April 16.-The eported signing of the treaty of peace setween China and Japan is confir by a cablegram received this end from Hon. John W. Poster, advisor the Chinese plentpotentlary. It is date Shimosenki, April 15th, and says:
"Everything settled satisfactorily, Treaty "Everything settled satisfactorily. Treat signed to-day." No particulars are given, the cable being a private one, but it is assumed that the details published

this morning are correct.

General Warner followed Mr. Sibley in a practical tusiness-like discussion of the subject which has been his life study. He also read extracts from a letter which he received this morning from Senator Jones explaining the cause of his absence and failure to be with the party at this time. The letter stated that Senator Jones had fully intended to make the western tour with Messrs. Sibley and Warner, but oh the day that he was to start from New York his physician positively forbade him to attempt it. Senator Jones is suffering from heart-disease and spells of great physical depression.

The letter also stated that he had telegraphed General Warner before the party left Chicago, but the telegram was never received by Mr. Warner. Senator Stewart's name was heartly cheered.

FOR A TOUR OF THE STATE.

MASHINGTON, D. C., April 18.—Ferms of peace agreed upon between China and Japen, as cabled from London, while corroborated by information heretofore known officially at the State Department, as the propositions considered by the plenipotentiarles, are thought to be, in some particulars, inaccurate, notably in regard to Japan's retention of the already conquered portions of the Manchurian territory, and the fortifications of Port Arthur and Wel-Hal-Wel, if, by retention, is meant permanent occupation. Washington officials have all along conceded that the independence of Corea, cession of Formosa, payment of medemity and temporary control of Port Arthur could not be successfully resisted by China. The amount of indemnity, which latest dispatches fixes at \$100.000,000, coincides with the \$100,000,000 gold yen, with practically a value of \$200,000,000 Haikwan taels of silver, which, it was reported several days ago, had been agreed upon by Japun's withdrawal of 100,000,000 taels of the demanded indemnity.

The provision for an alliance between As to the future movements of the party in this State, the committee having the matter in charge have arranged for a special train over the Derwer and Rio Grande, in which the party will start to morrow morning. It is the intention to stop for an hour or two at a number of small towns along the route, and receptions will be given at the larger places. The cities visited will include Colorado Springs, Pueblo, Leadville, Glenwood Springs, and Aspen.

This evening Mr. Sibley addressed a crowded house at the Y. M. C. A. rooms on "Topics of the Times."

Later.—Mr. Sibley this afternoon received a telegram informing him of the dangerous illness of his sister. He left to-night for Pennsylvania, abandoning his western tour.

The provision for an alliance between China and Japan is now heard of for the first time. It is not considered improbable, nor is it regarded as surprising, that it should have been kept a secret, inasmuch as the mass of population in both countries would oppose it, however cordial the understanding was between the two Governments. The advantages of such an alliance, if only for the prevention of foreign encreachments on Caina, are clearly recurred.

IMPOSSIBLE, SAYS 2 LONDON FARE.

LONDON. April 16.—The Globa commenting on the terms of the treaty of peace, alleged to have been signed by the Japanese and Chinese pienipotentiaries in Shimonoseki, yesterday, says: Provisions two, three, four and six, respectively, allowing Japan to retain the conquered places, to retain the territory cast of the Idao river, ceding Formoss permanently to Japan, and making an offensive and defensive alliance between Japan and China, are simply impossible. who sailed on the Fram for the ley north on June 24, 1821.

The report has it that the Pole is situated on a chain of mountains. It adds that Dr. Nansen planted the Norwegian flux upon this northernmost spot on the earth. The story is doubted here.

Dr. Nansen's plan when he sailed was to make for the New Siberian Islands, and thence directly north till the Fram should be imbedded in the ice and drift along with it, following the west coast of any land that might be met with northward. doe on August 23, 1888, which he had written at Charabowa, in the Yugorski Straits, on the 2d of that month, report-ing that he was about to sail into the Kara Sea, and that so far the Fram had behaved splendidly, especially in forcing her way through the ice that had been met with. Since then nothing has been heard of him.

# The Chinese plenipotentiaries are pre-paring to leave for home. OHINO-JAPANESE ALLIANCE, LONDON, April 16.—The Daily News, referring to the Chino-Japanese al.liance, which is said to be one of the conditions of the treaty of peace, will say to-morrow that under the new conditions such an alliance would be so much more to an alliance would be so much more to the advantage of China that it can scarce-ly imagine Japan proposing it. "Japan," sals the News, "has emerged from the conflict a great power. There is no pre-cise parallel in the history of the world to her marvellous adaptability and imita-tive genius." The Graphic is inclined to believe in the reported alliance. It says: "The Jacant-

# MINISTER DUNN'S TELEGRAM. WASHINGTON, April 16.—Late this afternoon Secretary Gresham received a cablegram from Minister Dunn, at Tokio, Japan, confirming the press dispatches that a peace treaty had been signed by Japan and China. The message was terse, and simply stated that "peace negotiations between Japan and China were concluded to-day."

Georgia Buys a Railroad,

ATLANTA, GA., April 16.—The Northeastern railroad was bought at foreclosure sale to-day by Governor Atkinson,
who bid it in for the State of Georgia.
His bid was \$100,000, and it was the only
one made. The road runs from Athens,
Ga., to bula, on the Southern. The line
is forty miles long. Several years ago
the State of Georgia endorsed \$250,000 of
the Northeastern's bonds. The purchase
to-day was to protect the State, which
now owns the property. Georgia also owns
the Western and Atlantic railroad, from
Atlanta to Chattanooga. The latter road
is a fine property. It is leased and operated by the Nashville. Chattanooga and
